LASER TATTOO REMOVAL

Using a state of the art medical grade machine the Nd yag Q- switched laser delivers safe energy into the skin. The tattoo ink is then mechanically broken down into fragments and removed by the body's own immune system. A safe way to remove new and old tattoos. Consultation and patch testing is required at least 2 weeks prior to treatment. Treatments are taken 8 weeks apart.

TREATMENTS START FROM £30 PER SESSION

DERMAPLANING

Dermaplaning is a safe and highly effective physical exfoliation procedure. It requires the use of a sterile,

surgical scalpel to gently “scrape” the skin’s surface, removing the top-most layer of dead skin along with fine, vellus hair (aka peach fuzz). This results in a more radiant, rejuvenated and glowing complexion. Dermaplaning will also help the absorption of your skin products post treatment.

DERMAPLANING **£48**

Includes enzyme peel

DERMAPLANING WITH TREATMENT MASK **£55**

Includes enzyme peel

— A-LIFT

A-Lift is a highly effective anti-ageing facial treatment that uses the latest technology to deliver proven results. A-Lift uses a nano-current, an electro stimulation with such tiny wavelengths that they cannot be felt, to re-energise the cells in the face and neck. A-Lift promotes improved hydration, circulation and lymphatic drainage. The skin’s ATP is stimulated which aids the production of collagen to combat fine lines and wrinkles. The results are firmer, healthier and a more rejuvenated skin.

MIRACLE MOMENTS **(30 MINS) £40**

To improve facial toning and skin hydration in just 30 minutes. The skin will be more radiant and have improved texture

ANGELIC RITUAL **(1 HR) £60**

The signature A-Lift facial gives intense lifting and firming for the face and neck, a reduction in fine lines and wrinkles that delays the signs of ageing. With this bespoke facial we can concentrate on your areas of concern. The skin is visually smoother, more radiant, hydrated and lifted. Recommended course of 10 treatments (2 per week over 5 weeks)

10 TREATMENTS **(SAVE £100) £495**

Recommended over 5 weeks

— DERMATUDE

Dermatude's micro-needle modules penetrate the epidermis creating thousands of micro-perforations per second. The creation of these perforations enables the delivery of subjectables (serums) direct into the basale layer where they are most effective. This also triggers the body's own natural healing response, stimulating the collagen and elastin. Dermatude improves skin structure, texture and evens out skin tone. Reduces fine lines and wrinkles, lifts and tightens the skin, improves scarring and improves the appearance of age spots and pigmentation. A course of 8 treatments is recommended.

ACTIVE HYDRA BOOSTER (HYDRATE) £75 X 8 (£540)

Contains hylauronic acid naturally found in the skin. Increases hydration, making lines and wrinkles fade and circles under the eyes less visible

EXTREME LIFTING COMPLEX (LIFT) £75 X 8 (£540)

Contains a balanced blend of vitamins A, C and E to rejuvenate mature skin. It is also anti-inflammatory which prevents premature ageing

STEM CELL REACTIVATOR £85 X 8 (£615) (REJUVENATE)

Contains PhytoCellTech Argan for the protection and vitalisation of human stem cells for deep-seated rejuvenation. Restores firmness and wrinkle reduction

PIGMENT EQUALISER (RESTORE) £85 X 8 (£615)

Contains Arctostaphylos, Uva Ursi and Mitracarpus Scaber to soften and fade pigment spots without aggressive bleaching to the skin. The skin regains its naturally smooth and vibrant appearance

— SAVE £70 - £80 WHEN A COURSE IS BOOKED.

— CRYSTAL CLEAR MICRODERMABRASION

Crystal Clear Microdermabrasion is a safe and effective way of deep exfoliation of the upper layers of the skin. Tiny crystals are blasted at the skin to lift away dead cells to offer total skin rejuvenation. Crystal Clear is a non-aggressive treatment perfect for open pores and congestion, acne scarring, pigmentation, uneven skin tones and offers a reduction of moderate early ageing signs such as lines and wrinkles and helps to stimulate collagen production.
